WEB DEVELOPER

My name is Hani, and I am a student at Homs University.

A front-end developer with 2.5 years of experience in creating responsive web applications using React, Vue.js, and Next.js. Skilled in collaborating with teams to deliver user-friendly designs and optimize performance. Growing experience in backend concepts and frameworks. Familiar with N8N, MCPs and RAGs.

TECH SKILLS

HTML, CSS, JS	Next JS	Zod, Yup	Git, GitHub
Tailwind, Bootstrap	Vue JS	Shadcn UI	Node JS, Fastify JS
TypeScript	MCP, N8N	RHF, Zustand	Prisma

PROFESSIONAL EXPERIENCE

Web Developer RS4IT (Saudi Arabia)

October 2025 - Present

Worked on two large SaaS projects. Developed several frontend microservices, including a PDF Editor and Customer Support service. Improved my skills using AI tools to code and deliver features faster and with higher quality. Primarily front-end development in Nextjs and a small backend project in Fastify.

Front End Developer Prokoders

March 2024 - March 2025

- Developed 10 CMS solutions using Vue.js and React for diverse user needs.
- Created three internal systems:
 - A support and ticket management system for issue resolution.
 - A documentation system for developers working with SRSs.
 - A digital contract system with themes, templates, and user roles.
- Built three SEO-optimized websites in Next.js, improving user experience and load times.
- Tested a major e-school project, ensuring high quality and functionality.

Front End Developer Internship Darrebni

August 2023 - February 2024

Developed projects with HTML, CSS, JavaScript, Bootstrap, Tailwind, Vue.js, Vue Router, Vuex, Axios, Vuetify. Used Git and GitHub for version control.
